The Parish Council strongly supports this policy for the following reasons. The Parish Council is based in a rural area and there have been a few accidents in the agricultural community where there have been delays getting emergency treatment due to the lack of a mobile phone signal. This needs to be drastically improved. There are a number of local people who work from home and the need for decent and reliable broadband provisions and mobile signals is vital to their livelihood. Again this needs to be improved for the outlying areas where there is not always a good reception or signal.

*Please succinctly provide all evidence and supporting information necessary to support your response. Please continue on a separate sheet if necessary.*
